Applicable Standard of Review

(Check One)

A limited review on the record is the default standard of review in a petition for review and a de novo (new) trial is not specified in the OCGA as the applicable standard of review for this type of case. Therefore, this Petition for Review seeks judicial review for clearly erroneous findings of fact and credibility, abuse of discretion, sufficiency of evidence, and de novo review of questions of law. OCGA § 5-3-5(a). Additional details regarding the issues for review are attached.

A de novo proceeding is specified in OCGA § \_\_\_\_\_ as the applicable standard of review for this type of case. Therefore, this Petition for Review seeks a de novo (new) trial of all the issues raised in the lower judiciary with NO REMAND. OCGA §5-3-5(b).
