FILED
CARROLL COUNTY
CLERK OF SUPERIOR COURT

Alan J. Lee
CLERK OF SUPERIOR COURT
CARROLL COUNTY, GEORGIA

I. CIVIL CASES

Civil cases shall be assigned when they are filed with the Clerk of Court. In assigning civil cases, the Clerks shall utilize the random assignment functionality that is a part of their respective case management software programs. It is the intention of this order that case types of civil cases as identified in the *Georgia Court Guide to Statistical Reporting (as updated on January 27, 2015)*, be distributed among the judges in the percentages set forth in this order in as detailed a fashion as can be accomplished by their respective case management software programs without resort to custom programming.

II. CRIMINAL CASES

Criminal cases shall be assigned when the warrant is filed with the Clerk of Superior Court. It is the intention of this order that the Clerk of Superior Court receive criminal warrants for filing as soon as is reasonably practicable. The Clerks shall randomly assign criminal cases by utilizing the random assignment functionality that is a part of their respective case management software programs or by implementing a

random manual assignment system of their choosing subject to the approval of a majority of the judges of the circuit.

It is the intention of this order that criminal cases be distributed among the judges in the percentages set forth in this order so that each judge receives his proportionate share of serious felony cases and each judge receives his proportionate share of felony cases that are not serious felonies. "Serious felony" cases are those cases defined as such in the *Georgia Court Guide to Statistical Reporting (as updated on January 27, 2015)*. Uniform Appeal cases shall be assigned as hereafter set forth. In any situation wherein a defendant is accused of a misdemeanor and there is no related felony case, the misdemeanor case shall be treated the same as a non-serious felony case for purposes of assignment.

Warrants shall be assigned from the lowest warrant number. However, when a Clerk receives multiple warrants on the same defendant, and those warrants charge both serious and non-serious felony offenses, the Clerk shall assign the warrants on that defendant based upon the lowest serious felony warrant number (i.e. the lowest serious felony warrant on a defendant shall take precedence over a lower non-serious felony warrant on the same defendant).

In anticipation of an additional judge joining the Circuit in 2024, this Standing Order directs the Clerks of Court to apportion cases to said individual according to the percentages described below.

After such conference, the Chief Judge shall assign the case regardless of any prior assignment made by the Clerk.

V. COMPANION AND RELATED ACTIONS

It is the responsibility of the Clerk of Court to assure that companion and related cases are assigned to the same judge in accordance with Uniform Superior Court Rule 3.2. The random assignment system employed by the Clerks shall apply to the earliest case filed. Thereafter, all actions involving substantially the same parties, or substantially the same subject matter, or substantially the same factual issues, whether pending simultaneously or not, shall be assigned to the same judge. Whenever such action is re-filed, or a derivative or companion action is filed or re-filed, or a defendant is re-indicted on a previous charge, or is indicted on a subsequent charge while still under charges or serving a confinement or probated sentence on a previous action, or co-defendants are indicted separately, such actions shall be assigned to the judge to whom the original action

Generally, such actions will be assigned to the judge to whom the action with the lower action number is assigned. In the event that it comes to the attention of the Clerk or any party or attorney involved in a case that any case is related to another case assigned to a different judge, that fact shall be made known to the judges effected who shall confer to determine whether a transfer pursuant to Uniform Superior Court Rule 3.3 is appropriate.

Should any Clerk decide to assign cases manually, the random method of assignment chosen shall be reduced to writing and submitted to the judges of the Superior Court for approval.

VII. EXCLUSIVE CONTROL – BALANCING THE CASELOAD

The Clerks shall run case assignment reports every six months to determine whether their random assignment systems have fairly distributed the cases in accordance with the current Case Assignment Order. Such reports shall be sent to each judge in the circuit by January 15th and July 15th of each year.

The judges of the circuit shall meet to discuss the assignment reports and, utilizing Uniform Superior Court Rule 3.3, transfer cases between and among themselves in order to balance the caseload should it be determined to be out of balance. At any time that any judge in the circuit believes that he is receiving a disproportionate share of the assigned cases, he may request a meeting in which the judges of the circuit shall determine whether any cases need to be transferred in order to fairly balance the caseload.
